A screenshot of a web application interface. At the top right is a blue home icon. Below it is a header bar with the text "My Request Status" and "Filter By:". Underneath is a form with a label "Request #" followed by a text input field and an "OK" button. Below the form is a section labeled "Records Details:" which is currently empty.A screenshot of a table titled "Records Details:". Above the table, it says "(1) Records Found". The table has the following columns: Request #, First Name, Last Name, Gender, Nationality, Hospital Name, Speciality, Request Date, and Status*. The first row contains the following data: [redacted], [redacted], [redacted], Female, Saudi, University Medical Center of Imam University, General Obstetrics and Gynecology, 1/03/2018 9:58:27 AM, and Accepted. The "Accepted" status is highlighted with a red border. A page number "1" is visible at the bottom right of the table.
